Atos Internship Summer Graduate Program 2025

Description

The Atos Internship is a gateway for students and recent graduates to explore the world of IT services and consulting. Interns will be part of a team that drives digital transformation, working on projects that impact businesses globally. This role is crucial for supporting Atos's mission to deliver cutting-edge solutions to its clients.

Responsibilities

Interns at Atos will engage in diverse tasks, including:

- Assisting in the development and implementation of IT solutions.
- Collaborating with project teams to support data analysis and reporting.
- Participating in meetings and contributing to strategic discussions.
- Conducting research to support business development initiatives.
- Supporting the day-to-day operations of their assigned department.

Qualifications

Candidates should meet the following criteria:

- Currently pursuing or recently completed a degree in Computer Science, Information Technology, Business Administration, or a related field.
- Strong academic performance and a keen interest in technology and business processes.
- Basic understanding of IT systems and software development is preferred.

Job Benefits

Interns will enjoy numerous benefits, such as:

- Gaining real-world experience in a leading global IT company.
- Opportunities to work alongside industry experts and mentors.
- Access to training and professional development resources.
- Potential pathways to full-time employment upon successful completion of the internship.
- A collaborative and inclusive work environment.

Experience

While prior work experience is not mandatory, having some exposure to IT projects, programming, or business analysis can be advantageous. Experience in teamwork and project management will also be beneficial.

Skills

Essential skills for the Atos Internship include:

- Strong analytical and problem-solving abilities.
- Excellent communication and interpersonal skills.
- Ability to work independently and within a team.
- Proficiency in Microsoft Office Suite and basic programming knowledge.
- Eagerness to learn and adapt to new challenges.
