The CEPR Internship offers an invaluable opportunity for students and recent graduates to gain hands-on experience in economic research and policy analysis. As an intern, you will work closely with experienced researchers and economists, contributing to projects that address key economic issues and influence policy decisions on a global scale. This role is designed for individuals with a keen interest in economic policy and research, providing a platform to expand knowledge and develop practical skills. Responsibilities Interns at CEPR will engage in a variety of tasks, including: Assisting with data collection and analysis for ongoing research projects. Conducting literature reviews and summarizing research findings. Supporting the preparation of reports, policy briefs, and research papers. Participating in team meetings and contributing to discussions on economic policy. Assisting with the organization of events such as conferences and workshops. Qualifications Candidates should meet the following qualifications: Enrollment in or recent completion of a degree in Economics, Finance, or a related field. Strong analytical and quantitative skills. Proficiency in data analysis software such as Stata, R, or Python is a plus. Excellent written and verbal communication skills. Demonstrated interest in economic policy and research. Job Benefits The CEPR Internship offers several benefits, including: Gaining practical experience in a leading economic research organization. Networking opportunities with top economists and policy-makers. Access to a wealth of resources and publications in economic research. A supportive environment that fosters learning and professional growth. Possibility of continued collaboration on future projects after the internship. Experience Candidates with prior internship experience in economic research or related fields are preferred, but not required. Experience with data analysis, academic writing, or policy analysis will be advantageous. Skills To succeed as a CEPR intern, you should possess the following skills: Strong attention to detail and accuracy in research and data analysis. Ability to work independently as well as part of a team. Effective time management and organizational skills. Proficiency in Microsoft Office Suite. Capacity to think critically and propose innovative solutions. Application Process Interested candidates should submit an application package that includes: A cover letter detailing your interest in the CEPR Internship and relevant experience. A

Description

The CEPR Internship offers an invaluable opportunity for students and recent graduates to gain hands-on experience in economic research and policy analysis. As an intern, you will work closely with experienced researchers and economists, contributing to projects that address key economic issues and influence policy decisions on a global scale. This role is designed for individuals with a keen interest in economic policy and research, providing a platform to expand knowledge and develop practical skills.

Responsibilities

Interns at CEPR will engage in a variety of tasks, including:

- Assisting with data collection and analysis for ongoing research projects.
 - Conducting literature reviews and summarizing research findings.
 - Supporting the preparation of reports, policy briefs, and research papers.
 - Participating in team meetings and contributing to discussions on economic policy.
- Assisting with the organization of events such as conferences and workshops

Qualifications

Candidates should meet the following qualifications:

- Enrollment in or recent completion of a degree in Economics, Finance, or a related field.
- Strong analytical and quantitative skills.
- Proficiency in data analysis software such as Stata, R, or Python is a plus.
- Excellent written and verbal communication skills.
- Demonstrated interest in economic policy and research.

Job Benefits

The CEPR Internship offers several benefits, including:

- Gaining practical experience in a leading economic research organization.
- Networking opportunities with top economists and policy-makers.
- Access to a wealth of resources and publications in economic research.
- A supportive environment that fosters learning and professional growth.
- Possibility of continued collaboration on future projects after the internship.

Experience

Candidates with prior internship experience in economic research or related fields are preferred, but not required. Experience with data analysis, academic writing, or policy analysis will be advantageous.

Skills

To succeed as a CEPR intern, you should possess the following skills:

- Strong attention to detail and accuracy in research and data analysis.
- Ability to work independently as well as part of a team.
- Effective time management and organizational skills.
- Proficiency in Microsoft Office Suite.
- Capacity to think critically and propose innovative solutions.

Contacts

Interested candidates should submit an application package that includes:

- A cover letter detailing your interest in the CEPR Internship and relevant experience.
- A current resume or CV.
- Transcripts from your academic institution.
- Two letters of recommendation from academic or professional references.

Applications are accepted on a rolling basis, so early submission is encouraged. Shortlisted candidates will be contacted for an interview, which may be conducted virtually or in person. Join CEPR and start your journey towards a rewarding career in economic research and policy-making.
