Francis Crick Institute Internship Program 2025

Description

The Francis Crick Institute, a world-leading biomedical research center, offers an exceptional internship program designed to cultivate the next generation of scientific leaders. Located in the heart of London, the Institute provides a rich environment for innovative research and professional growth.

The internship at the Francis Crick Institute is a unique opportunity to engage in cutting-edge biomedical research. Interns will be integrated into research teams and work on live projects that contribute to the Institute's mission to understand the fundamental biology underlying health and disease.

Responsibilities

- Assist research scientists with ongoing experiments and projects.
- Conduct literature reviews to support research initiatives.
- Participate in lab meetings and contribute innovative ideas.
- Collect, analyze, and interpret experimental data.
- Present research findings to the team and contribute to research papers.

Qualifications

- Pursuing or recently completed a degree in a relevant field such as biology, biochemistry, or related disciplines.
- Strong academic performance and a keen interest in biomedical research.
- Excellent analytical and problem-solving skills.
- Effective communication abilities, both written and verbal.

Job Benefits

- Experience working at a prestigious research institute known for its groundbreaking work.
- Access to state-of-the-art facilities and technology.
- Opportunity to network with leading scientists and experts in the field.
- Potential for co-authoring research papers published in renowned journals.
- A dynamic and collaborative work environment that fosters professional growth.

Experience

While prior lab experience is beneficial, it is not mandatory. The internship is designed to provide hands-on experience and training, allowing interns to develop a strong foundation in research methodologies and scientific inquiry.

Skills

- Proficiency in basic laboratory techniques and data analysis.
- Ability to work independently and as part of a team.
- Strong organizational skills and attention to detail.

Hiring organization

Francis Crick Institute Internship

Employment Type

Full-time, Intern

Duration of employment
