Lse Paid Internship For Graduates 2025

Description

The London School of Economics (LSE) offers a prestigious internship program designed to provide students and recent graduates with invaluable exposure to the world of economics, social sciences, and global policy-making. This program is an exceptional opportunity to gain practical experience and develop professional skills in a dynamic academic environment.

The LSE Internship program offers interns the chance to work alongside leading academics and industry experts. Interns will engage in a variety of tasks including research assistance, data analysis, and project management. This program is ideal for individuals eager to contribute to groundbreaking research and develop a deeper understanding of economic and social policy issues.

Responsibilities

- Assist in conducting research and compiling data for academic publications and reports.
- Support faculty and staff with ongoing projects and events.
- Participate in team meetings and contribute insights and ideas.
- Prepare and present findings to faculty and peers.
- Aid in the organization and execution of departmental workshops and seminars.

Qualifications

- Current enrollment in or recent graduation from a relevant degree program.
- Strong academic record with a focus on economics, social sciences, or a related field.
- Proficient in Microsoft Office Suite and data analysis software.
- Excellent written and verbal communication skills.
- Ability to work independently and as part of a team.

Job Benefits

- Gain hands-on experience in a world-renowned academic institution.
- Access to LSE's extensive network of professionals and alumni.
- Opportunities for professional development and mentorship.
- Potential to contribute to significant academic research.
- Flexible working hours to accommodate study commitments.

Experience

Previous internship experience is advantageous but not required. Candidates with a keen interest in economics and social sciences and a desire to learn will thrive in this program.

Skills

- Analytical thinking and problem-solving abilities.
