UNDP Digital Transformation Internship 2025

Description

The UNDP Internship offers a dynamic environment where interns engage with a variety of projects focused on sustainable development, governance, and crisis response. Participants will work alongside experienced professionals, contributing to the core mission of the UNDP: to eradicate poverty and reduce inequalities through sustainable development practices.

Responsibilities

Interns at UNDP are expected to undertake a range of responsibilities, including:

- Assisting in the research and analysis of development trends and data
- Contributing to the preparation of reports, presentations, and policy briefs
- Supporting project management activities, including planning and implementation
- Engaging with stakeholders and participating in meetings and workshops
- Providing administrative support to ensure smooth operation of projects

Qualifications

Candidates should possess the following qualifications:

- Enrollment in a graduate or postgraduate degree program in a relevant field such as international relations, economics, public administration, or environmental studies
- Strong analytical and research skills
- Excellent communication and writing abilities in English; knowledge of additional UN languages is a plus
- Ability to work collaboratively in a multicultural environment
- Demonstrated interest in international development and the mission of the UNDP

Job Benefits

The UNDP Internship provides numerous benefits, including:

- Gaining invaluable experience with a leading global organization
- Developing a robust professional network with experts and fellow interns
- Enhancing practical skills through active participation in projects
- Receiving mentorship from seasoned professionals in the field of development
- Building a strong foundation for a career in international affairs or development

Experience

The internship is ideal for candidates with a keen interest in global issues and a desire to apply their academic knowledge to real-world challenges. Previous experience in research, project management, or working with international organizations can be advantageous but is not mandatory.
