Vice Internship For Graduate Students 2025

Description

The Vice Internship Program is a comprehensive, immersive experience tailored for students and recent graduates eager to delve into the media industry. Interns will work alongside seasoned professionals across various departments, including editorial, video production, marketing, and more. This role offers the chance to contribute to real-world projects that influence diverse audiences worldwide.

Responsibilities

- Collaborate with editorial teams to brainstorm and develop compelling content.
- Assist in the production of video and digital media, participating in all stages from concept to execution.
- Support marketing initiatives through research, planning, and implementation strategies.
- Contribute to social media campaigns, ensuring alignment with Vice's brand voice and mission.
- Conduct industry research and analysis to support ongoing projects and initiatives.
- Engage actively in team meetings and creative sessions, offering fresh perspectives and ideas.

Qualifications

- Currently enrolled in or a recent graduate of a relevant degree program such as Communications, Journalism, Media Studies, or a related field.
- Demonstrated interest in media, storytelling, and digital content.
- Strong communication skills, both written and verbal.
- Ability to work collaboratively in a fast-paced environment.
- Familiarity with digital media tools and platforms is a plus.

Job Benefits

- Gain unparalleled insight into the operations of a leading media organization.
- Work in a vibrant and creative environment that encourages innovative thinking.
- Networking opportunities with industry professionals and fellow interns.
- Potential for full-time employment based on performance and availability of positions.
- Access to exclusive Vice events and workshops designed to enhance your professional skills.

Experience

While prior media experience is advantageous, it is not a requirement. We value passion, creativity, and a willingness to learn above all. This program is designed to
